

Annual Contact Lens Agreement

At Medical Associates Clinic, we carry the latest in contact lens technology, and specialize in the difficult-to-fit patients. This includes astigmatism-correcting lenses (toric), multi-focal lenses, lenses to rehabilitate corneal diseases (like keratoconus), and post-surgical contact lens fits. We are dedicated to your health and an enjoyable, comfortable contact lens experience.

A Contact Lens Evaluation is necessary to renew the current contact prescription and is a service in excess of comprehensive eye examination. Because of this, a Contact Lens Evaluation carries a non-refundable fee. This evaluation will include precise measurements, analysis of your vision needs and recommendations specifically tailored for you. It may also include the use of diagnostic lenses to ensure the proper fit of the lenses and good ocular health. The evaluation fee covers the initial evaluation and all contact lens related follow-up visits for a period of 90 days. This fee does not include the cost of your contact lenses. It will also include contact lens training classes for those individuals needing contact lens instruction for insertion, removal, and lens care.

The Contact Lens Evaluation fee will range in price depending on the complexity of contact lenses worn:

- Standard Contact Lens Evaluation (Soft Spherical) \$60
- Advanced Contact Lens Evaluation (Toric) \$70
- Superior Contact Lens Evaluation (RGP, Monovision, Multifocal, Hybrid) \$80

Contact Lens Prescriptions are valid for no longer than 1 year
